to provide essential health care services to all residents of a community regardless of ability to pay.

§ 242.4 Eligibility for insurance and transition provision.

(a) The hospital to be financed with a mortgage insured under this part shall involve the construction of a new hospital or the substantial rehabilitation (or replacement) of an existing hospital.

(b) This part applies only to applications for FHA mortgage insurance submitted after a pre-application meeting (as defined in § 242.1) with HUD that occurred on and after January 28, 2008. HUD's regulations and practices prior to January 28, 2008 apply to applications for FHA mortgage insurance submitted after a pre-application meeting that occurred before January 28, 2008.

§ 242.5 Eligible mortgagees/lenders.

The lender requirements set forth in 24 CFR part 202 regarding approval, recertification, withdrawal of approval, approval for servicing, report requirements, and conditions for supervised mortgagees, nonsupervised mortgagees, investing mortgagees, and governmental and similar institutions, apply to these programs.

§ 242.6 Property requirements.

The mortgage, to be eligible for insurance, shall be on property located in a state, as defined in § 242.1. The mortgage shall cover real estate in which the mortgagor has one of the following interests:

- (a) A fee simple title;
- (b) A lease for not less than 99 years that is renewable; or
- (c) A lease having a term of not less than 50 years to run from the date the mortgage is executed.

§ 242.7 Maximum mortgage amounts.

The mortgage shall involve a principal obligation not in excess of 90 percent of HUD's estimate of the replacement cost of the hospital, including the equipment to be used in its operation when the proposed improvements are completed and the equipment is installed.

24 CFR Ch. II (4–1–08 Edition)

§ 242.8 Standards for licensure and methods of operation.

The Secretary shall require satisfactory evidence that the hospital will be located in a state or political subdivision of a state with reasonable minimum standards of licensure and methods of operation for hospitals, and satisfactory assurance that such standards will be applied and enforced with respect to the hospital.

§ 242.9 Physician ownership.

Ownership of an interest in the mortgagor by physicians or other professionals practicing in the hospital is permitted within limits determined by HUD to avoid insurance risks that may be associated with such ownership. The Commissioner shall determine if the proposed mortgagor will be at low risk for violation of regulations of the U.S. Department of Health and Human Services, other federal regulations, and state regulations governing kickbacks, self-referrals, and other issues that could increase the risk of eventual default. The Commissioner's determination shall be based on an unqualified legal opinion as to compliance with applicable federal law, among other considerations.

§ 242.10 Eligible mortgagors.

The mortgagor shall be a public mortgagor (i.e., an owner of a public facility), a private nonprofit corporation or association, or a profit-motivated mortgagor meeting the definition of "hospital" in § 242.1. The mortgagor shall be approved by HUD and shall possess the powers necessary and incidental to operating a hospital. Eligible proprietary or profit-motivated mortgagors may include for-profit corporations, limited partnerships, and limited liability corporations and companies, but may not include natural persons, joint ventures, and general partnerships. Any proposed mortgagor must demonstrate that it has a continuity of organization commensurate with the term of the mortgage loan being insured. For new organizations, or those whose continuity is necessarily dependent upon an individual or individuals, broad community participation is required.
